Yep! I have reviewed and will work on these edits. I did have a couple of questions for you – do you have a few minutes to talk today or tomorrow? We could also talk next week. Let me know!

Only a couple of minor edits, and a number of comments mostly asking whether CRW had not yet completed something. I wonder whether it would be possible to reconfigure the CD to move up early and prominent Section on the CSO Control projects. Otherwise as you read the CD it looks like all that is happening is that CRW is just getting more time to do what it had to do before. This is a form over substance comment, so I'll leave it up to the team.

*Confidential Settlement Communication – Subject to FRE 408*

Fred,

I have attached a proposed Modification to the 2015 Consent Decree for CRW's review. I have also attached a redline that compares the Modification to the version of the Decree that we filed in 2015. Where appropriate, we have removed or modified provisions to bring the document up to date—those edits are reflected in the redline. You'll also see a number of comments/questions for discussion. To that end, we would like to schedule a virtual meeting with CRW within the next 2-3 weeks. Please let me know what dates/times work well for your team and we will schedule the meeting.

We look forward to hearing back from you. Please don't hesitate to reach out with any questions in the meantime.

Thanks,  
Devon
